

Fire-Proof Document Bag

Specifications:

Item Weight:	5 lbs.
Item Dimensions:	15" x 11"
Item Color:	Black (white/green logo)
Material:	Fiberglass (non-itchy)
Fire Resistant:	Up to 2192°F (1200°C)

Protection and Durability

Three layers of protection and durability (outside layer is fiberglass silica gel, middle layer is white fiber cloth, internal layer with advanced aluminum foil).

Double Protection

Zipper and velcro closure are both fire-retardant and water resistant for double protection and security.

Flexible and Easy to Store

Flexible and durable materials means the document bag can be folded to fit multiple safes and compartments.

Large Capacity

Large 15" x 11" dimensions can easily hold and store many important documents such as passports, photos, jewelry, and cash.
