<b>Interface:</b>	SD Card Slot, USB Port, RJ11 Port, RS-232F Port
<b>Power Supply:</b>	AC 100-240 V, 50/60 Hz

### **Faster, More Accurate Counting**

Automatically reads mixed stack of bills as it passes to count and sort based on denomination in no time!

### **Multiple Modes and Functions**

Drastically speed up your cash processing procedure with modes like Mix, Sort, Count, Auto/Manual, Add, Batch and Add+Batch. Save time without compromising security!

### **Protects Against Counterfeits**

2 CIS, ultraviolet, infrared, magnetic sensors as well as half, chain and double bills detection systems ensure that bills are authentic-far more accurately than any pen, light or simple bill counter!

### **Easy for Anyone to Use**

Interface designed for optimal navigation with a large TFT display providing a detailed on-screen report that can be printed and saved for record (printer not included). Additional external display provided for convenience.
