Interface:	SD Card Slot, USB Port, RJ11 Port, RS-232F Port
Power Supply:	AC 100-240 V, 50/60 Hz

Faster, More Accurate Counting

Automatically reads mixed stack of bills as it passes to count and sort based on denomination in no time!

Multiple Modes and Functions

Drastically speed up your cash processing procedure with modes like Mix, Sort, VSort, Count, Auto/Manual, Add, Batch and Add+Batch. Save time without compromising security!

Protects Against Counterfeits

2 CIS, ultraviolet, infrared, magnetic sensors, serial number recognition as well as half, chain and double bills detection systems ensure that bills are authentic-far more accurately than any pen, light or simple bill counter!

Easy for Anyone to Use

Interface designed for optimal navigation with a large TFT display providing a detailed on-screen report that can be printed and saved for record (printer not included).
