### **Faster, More Accurate Counting**

Automatically reads mixed stack of bills as it passes to count and sort based on denomination in no time!

### **Automatically Sorts Mixed Bills**

Never stop counting or sorting for a suspect bill, incorrect denomination or face. Those bills are sorted out into the reject pocket.

### **Protects Against Counterfeits**

2 CIS, ultraviolet, infrared, and magnetic detection systems ensure bills are authentic—far more accurately than any pen or light!

### **Easy for Anyone to Use**

Easy-to-use interface, large LCD display, on-screen report and built-in printer to simplify this advanced cash counting system and save time.
